89.24 Police Matters – PC Rich Walters gave a verbal report which was **NOTED**, including:

Anti-Social Behaviour

- Increase in patrols July to October, of the ASB hotspots – School Green/public toilets, play area, cricket fields and Hall Bank bus shelter
- PCSOs have been into school and spoken to the Safeguarding Officer, parents of any children identified have been contacted. General assemblies for year 10 and 11 encouraging pupils to desist are planned
- A S34 is being considered for Halloween/half term when the police can ask people to move on and have greater powers if they return to the area
- Trying to identify people from any CCTV in the areas
- Local residents are continually encouraged to report any incidents using 101/online
- There have been a couple of other isolated incidents not involving young people that have been dealt with

Speeding:

- The speeding bike team have been utilised in Minsterley, Pontesbury and Hanwood but generally found that traffic speed was within limits

- Some of the team have had training in using the new camera – the data from which goes to the team that can process fines. There is only 1 camera available for Oswestry, Shrewsbury and South Shropshire.
- The team will look at ANPR data to see if there are specific times when speeding occurs to prioritise use of the camera and bike

PC Simon Lewis is back on duty. Cllr Fletcher welcomed him back.

Cllr Windows asked what is happening with the criminal damage to the public toilets. Clerk had reported and received incident numbers and then a letter saying no further investigation as not CCTV or perpetrators identified. Cllr Windows also asked if there had been any reports of ASB in the Pontesbury Hill area. PC Walters said that there hadn't been.

Cllr Fletcher urged all councillors to sign up to Neighbourhood Matters which would give councillors updates on action taken by the SNT. Cllr Fletcher also wished to thank PC Walters and the team for all their hard work and support and for working closely with the parish council.

90.24 National Flood Forum. Sophie Davies explained that the NFF is an independent charity set up to support and represent communities experiencing flooding. Staff can give support on practical matters such as getting insurance once a home has been flooded and can approach central government about accessing funding to protect at risk communities. One of the aims is to set up Flood Action Groups in areas at risk. There are several across Shropshire including in Minsterley. If residents in Pontesbury would like to set up a Flood Action Group Sophie's team could support them.

Another aspect of their work is to engage people with local flood prevention projects such as the one in the Rea Valley catchment area to slow the flow to ensure that local communities are properly consulted. The Rea Valley project involves working with local landowners on woody dams, scrapes and tree planting to slow the flow and reduce the peak flow downstream and potential flooding of local homes.

Sophie would write something to put in the parish newsletter about ways the NFF can help the local community and organise a community meeting with Clerk/Deputy Clerk for parish residents experiencing flooding.

Cllr Sandells asked what could be done about woody debris blocking culverts and drains. Although the NFF cannot practically help to clear areas, it can work through Flood Action Groups to raise concerns about flooding hotspots and work with landowners to find solutions.

91.24 Shropshire Council Member Report Shropshire Councillor Nick Hignett gave a verbal report including:

FINANCES- Whilst the Council continues to remain in a solvent position, the outlook continues to be challenging. The latest report, presented to Cabinet, shows a forecast outturn position at 31st march 2025 of £37.262M. A general Fund balance of £38.821M indicates that the projected variance can be accommodated, albeit leaving the Council with unacceptable reserves for unanticipated expenses. A reduction in planned spending to the end of the year of 10% would see an improvement in the overall forecast of around £20M, thus indicating why the Council continues to look for spending cuts in all areas.

GARDEN WASTE- The new garden waste subscription service will now begin on Monday 4th November, one month later than initially planned. This is because the first batch of stickers for bins were found to be not fit for purpose, and an alternative supplier had to be found. Residents should continue to put any green bins out for emptying, on the appointed day, until 4th November. The 1st year of paid service will now run until the end of October 2025.

HOUSEHOLD RECYCLING CENTRES- Also from 4th November, residents intending to use one of the Recycling Centres will need to book a slot. All 5 Household Recycling centres will remain open for 7 days a week. This will be reviewed in April 2025.

SHIREHALL TO GUILDHALL- At the Full Council meeting held in September, the decision was made to make the Guildhall the new administrative centre for Shropshire Council. The Council will move its operations into other premises, including the Guildhall, which it already owns. Staff will begin moving in November, with Committee and Council meetings being held at the new venue when arrangements are complete. The future of the Shirehall Site has not been decided.

SHREWSBURY SPORTS VILLAGE- Shropshire Councils' plans to transform the Sports Village in Sundorne were agreed by Full Council on 26th September. This follows a Public consultation earlier in the year. Detailed designs and a planning application will now be submitted, at a cost of £2.248M, to include a 25-metre 8-lane pool, suitable for County competitions, seating for 250 spectators, and space for 250 competitors. No decision has been made on the future of the Quarry swimming and Fitness Centre.

CAR PARKS FUNDING- Shropshire councillors have approved plans that could help access extra funding from Car Parks. The Council will look to sell 10 of its car parks, for 125 years, using a financial agreement called an "Income Strip". Similar to a mortgage, this might secure an upfront capital payment of up to £30M. The Council would then lease back the car parks for a fee each year, with the chance to purchase the land back after 50 years. The Council would still keep operational control of the car parks, and still collect car parking income.

Cllr Windows asked why residents would need to book slots and this was to reduce queues and make sure vehicles were not trade vehicles or from out of area

Cllr Sandells asked if the rumours about SC and bankruptcy were true. Cllr Hignett replied that the situation was precarious

98.24 Resident's survey of Cruckton/Cruckmeole and Pound Lane. After a proposal from Cllr Evans, seconded by Cllr Trow, Cllr Sandells abstained, it was **RESOLVED** to **APPROVE Clerk write to Shropshire Council asking them to consider the following recommendations:**

1. Pound Lane, Shorthill and Arscott areas should be designated as a Quiet Lane – as agreed by 95% of respondents.
2. HGV's should be discouraged from using the Cruckton/Cruckmeole through route (apart from access) due to the road being narrow and therefore being unsuitable. The new signage stating "No access for HGV apart from access." should be moved to more highly visible positions along the A488 and B4386 prior to the turning and made clearer to reflect the change. There was a clear majority of support from residents for this.
3. There was a clear majority for a 30mph limit should be imposed from Cruckmeole to the junction of the B4386.

We would also like to have a 20mph zone within this route on the approaches to and from Cruckton Hall School. This is due to the need for pupils with Learning Difficulties, staff and residents to use this area safely as pedestrians.

4. There was also a clear majority for a 40mph speed limit should be imposed on the approaches from the crossroads to the site of the former Hare and Hounds Pub along the B4386. There is a new development which has led to more traffic turning on/off the road which is currently a 60mph zone.
5. To recommend that signs saying "Cruckton welcomes careful drivers" should be placed at the disused railway buttress and by the turning into the main part of the village along the B4386 in order to warn drivers that it is a residential area and for navigational purposes.
6. Immediate action and improvement to the signs in Lea Cross directing HGV traffic

99.24 Parish Council Insurance
